

# Freeview TV interference? We can help.

**Blocky or frozen pictures, no signal or a loss of sound or channels?**

There is a small chance some new mobile signals may cause interference to Freeview TV.

We can help. If your TV signal is affected, and you do not have cable or satellite TV, we offer free support.

Contact us on **0808 13 13 800** and we will help fix the problem.

Calls are free. Contact centre open 8am-6pm Monday – Saturday.  
Closed Sunday and Bank Holidays.
